Git-hub: <https://github.com/PritiHulle>

TECHNICAL SKILLS :

Java

- **Statement:** Looping, Decision Making, Static and Non-Static
- **OOPs:** Encapsulation, Inheritance, Polymorphism, Abstraction
- Wrapper classes, Exception handling
- Collection Framework, String, Multi-Threading
- **Java Tools:** Edit +, Eclipse

SQL: RDBMS:

- **Relational Model:** Operators
- **Functions:** Aggregate, Single
- **Sub Query:** Nested, Co-related
- Joins & Normalization

Web Tech

- **HTML, CSS, Bootstrap**
- **Java Script:** Dynamic Webpages
- Array object and Array methods
- BOM & DOM Model
- Call Stack, Event Listener
- String Object and Methods
- Basics of PHP, React JS

OBJECTIVE :

“Self-Motivated and result-oriented full stack developer with Seeking a position in company where I can improve and utilizing my skills and also expand my knowledge and ready to learn new things.”

PROJECT :

1.Project Name: Fingerprint Based ATM System

Description: Fingerprint Based ATM is a desktop application where fingerprint of the user is used as a authentication. Instead of using ATM card Fingerprint based ATM is safer and secure. There is no worry of losing ATM card and no need to carry ATM card in your wallet. You just have to use your fingerprint in order to do any banking transaction. The user has to login using his fingerprint and he has to enter the pin code in order to do further transaction.

Tools used:

- VB.net
- Visual Studio

2.Project Name: -Location Based Task Reminder

Objective: The task of user that he/she has to perform some task on particular location as soon as user will reach at that specific location, normally user forgets these kind of stuff in daily busy life to remember the location and what task he or she has to do. We developed the system called “Location Based Task Reminder” in this system we are fetching the user’s current location through android mobile phones using Google Map, GPS and allow them to set reminder about that task on that specified location.

Tools used:

- Android Studio
- Java
- SQLite

SOFT SKILLS :

- + Leadership
- + Time Management
- + Teamwork Skills
- + Creativity

EDUCATIONAL DETAILS :

- + B.Tech Computer Engineering
(76.30%)
Solapur University (2023)
- + Diploma Computer Engineering
(88.40%)
MSBTE (2020)
- + SSC (80.00%)
(2017)

PERSONAL - DETAILS :

- + **DOB:** 10-06-2001
- + **Hobbies:** Travelling, Home Decor
- + **Address:** Dange Chowk, Wakad,
Pune, 411057.

3.Project Name: - Self Portfolio

Objective: The project is based on the existing personal visual identity of the student. This page is created as an instruction for the reader describing the process of personal online portfolio design simply by defining and explaining the main terms and methods used for web design & development.

Tools used:

- Html
- Css
- JavaScript
- Bootstrap Framework
